Peasley-Grundy Rally Victors; Protest Filed

Brad Peasley, winner of last season's autocross award and sixth in the over-all standings, and Hart Grundy are the tentative winners in yesterday's Drivers' Rally Mark II held by the Virginia Motor Sports Club.

The result, however, is not final as a protest committee is studying reports that a service station used in the rally routing was in the final stages of demolition and was not recognizable at the time of the rally.

The event, which had 20 cars entered, was run over a 70-mile course with four check points.

Lewis Parsley and Bill Britton are the tentative unequipped class winners (third over-all).

Brad Peasley-Hart Grundy, Equip., Porsche, 45; George & Nancy Winfree, Equip., Porsche, 321; Lewis Parsley-Bill Britton, Uneq., Corvair, 397; Wayne Myers-Bill Lyrell, Uneq., MGA, 535; Bob & Joanie Pelgason, Equip., BMW, 645; John Burgeron-Reggie Williams, Uneq., Triumph, 1312.

REPORT OF THE COMPETITION COMMITTEE MEETING - February 2, 1970

The Competition Committee met again to discuss and recommend changes and additions to the VIRGINIA MOTOR SPORTS CLUB, INC. COMPETITION REGULATIONS (As Amended Through January 1, 1967).

The committee recommends that Points, paragraph 10, be amended to read as follows:

Classes, Awards and Points

10. a. VMSC year end awards shall be made to the following categories:

- 1) The TOP 20 in the total accumulation of VMSC competition points. These points will be awarded on the following basis:

<u>PLACE</u>	<u>POINTS</u>
1st	1000
2nd	900
3rd	800
4th	700
5th	600
6th	500
7th	400
8th	300
9th	200
10th	100
over 10th	50
OD's	600
Helpers	400

The award of these points will be based on the overall finishing position in rallies, and on the finishing position in class or homologated class in speed events.

Cars with only non-members of VMSC and only such cars shall be omitted in the awarding of points.

Members may receive only highest earned points in any one event.

Fifty (50) points shall be awarded for attendance at each meeting and for attendance at the annual awards banquet.

- 2) EQUIPPED RALLY CLASS - Year end trophies will be awarded to the first three in the accumulation of equipped rally points. These points may only be received in a rally having a specific equipped class, and they shall be awarded as in 1) above. In addition, event trophies shall be awarded based on one (1) trophy for each four (4) entries or fraction thereof, up to a maximum of three (3) trophies. OD and helper points shall also be awarded.

- 3) UNEQUIPPED RALLY CLASS - Year end trophies will be awarded to the first three in the accumulation of unequipped rally points. These points may only be received in a rally having a specific unequipped class, and they shall be awarded as in 1) above. In addition, event trophies shall be awarded based on one (1) trophy for each four (4) entries or fraction thereof, up to a maximum of three (3) trophies. OD and helper points shall also be awarded.

NOTE: NO EQUIPPED OR UNEQUIPPED POINTS SHALL BE GIVEN IN A RALLY THAT DOES NOT SPECIFICALLY HAVE THESE CLASSES.

4) SPEED CHAMPIONSHIP - Year end trophies will be awarded to the first three in the accumulation of speed points. These points will be based on finishing position in each class or homologated class, and they shall be awarded as in 1) above. If there are not at least five (5) VMSC entries in a class that class will be homologated into the next most competitive class, as determined by the OD, for award of VMSC points. In addition, event trophies shall be awarded based on one (1) trophy for each four (4) entries or fraction thereof in each class up to a maximum of five (5) trophies per class. OD and helper points shall also be awarded.

5) In 1), 2), 3) and 4) only three-fourths of the events shall be counted towards the year end awards. For example, if 10 events are run, 3/4 of 10 is 7 1/2, so each members best 8 events will be counted.

If a member participated is less than the number being counted his score is based on all of his events.
