Blackstone Championship Autocross IV will be a simple fast course with no walk-throughs or drive throughs. This will be the same 2 mile course as last years, conditions permitting. Car numbers will be assigned by a drawing on September 11th (there will be allowances for multiple driver cars). It will run using VMSCC Classes as amended by VMSC. Exhaust suppression required for all stock and prepared cars, rollover protection required for all open top cars, and 1 3/4" minimum ground clearance required. Scoring will be based on the Best Time out of two runs on Saturday added to the Best Time out of three runs on Sunday.

For VMSC members this event will count as two events for Points, and one event for Trophies.

**Know the speed limit**  
 Unsecured vehicles and speeding are two problems Fort Lee military police see every day. Sp4 Harry S. Beasley recently used a radar gun and display board to let drivers know that 13 mph is eight miles above the speed limit in the Post Motor Pool. (Photo by Vicki L. Lambert.)

—Tire Blowout. If the vehicle you are driving has a tire blowout, remember these guidelines:

- Do not apply brakes.
- Hold the steering wheel firmly and try to steer straight ahead.
