WE SELL CARS THAT DO MORE THAN THEY'RE SUPPOSED TO.

Like the Triumph GT 6+ Built in the European Grand Touring coupe style

It's a lean, tough machine that always turns in surprising results in races.

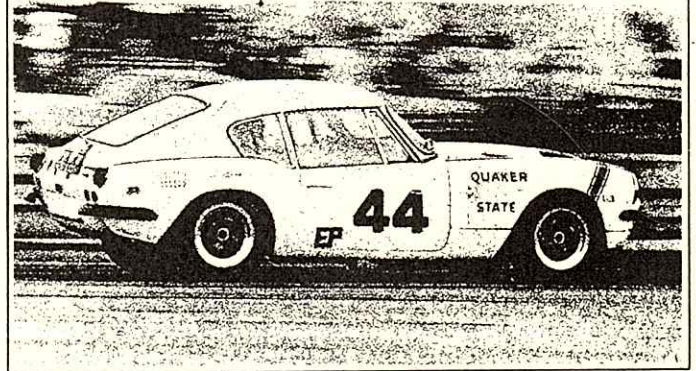

(Maybe it's the big six-cylinder engine. Or the rack and pinion steering. Or any of a number of things.)

Could be, a car that does this well for drivers on a track could do well for you on the street.

At any rate, it's easily worth a trip to our showrooms to find out.
