1986 PORSCHE FAMILY OF THE YEAR

Enthusiastic, loyal, dedicated — these are but a few of the words that can be used to describe the Hatches — 1986 Porsche Family of the Year.

Dick and Caryl Hatch have been interested in Porsches since they bought their first Porsche in 1963. Little did anyone know that this initial purchase would lead the way to becoming Porsche Family of the Year.

The Hatches true commitment to Porsches came in 1969 when they joined the Porsche Club of America (PCA). They both helped organize the Richmond-based First Settlers Region, which was chartered in 1970. Over the years, the two have held numerous posts in both the First Settlers Region and the Blue Ridge Region (BRR). (Which, incidentally, they helped charter here in 1980.)

Virginia Motor Sport Club was instrumental in the Hatch's receiving the national award, "Porsche Family of the Year", this year.

Dick joined VMSC in 1959 then owning a TR3, and Caryl joined in 1962 owning a Sprite. Becoming involved in VMSC in various capacities as officers, editors, board members (for 8 years) started them on the road to an enthusiasm of sports car activities. They got rid of the Sprite and became the proud owners of a '63 356 speedster belonging to George & Shirley Patterson (also VMSC members). This entailed them becoming interested in Porsche activities as well as VMSCs. The Wrights, Greenwoods, Chehaskes, Roses, Peaseley and Whiteheads all had Porsches, so there was some friendly competition.

Down through the years the group have obtained other vehicles and/or moved out of town. The Wrights, Chehaskes and Peaseleys (Brad has a new 911) moved. The Chehaskes and Peaseleys frequently attend the annual banquet. Bill Whitehead is still visible at VMSC events (in his Porsche though a different model than he started out competing in), and the Greenwoods are always there.

The Hatches moved around in the '70's ending up in Roanoke. Where they became heavily involved in the local Porsche Club. Both have finished in the top 4 over all since 1981. Dick taking 1st place in '82, '83 and '85 and Caryl in '86.

Caryl remembers her first autocross/gymkhana 1st place VMSC trophy, and that was when she drove blindfolded with Dick as navigator in 1966. Dick took a 2nd place, not faring as well when it was his turn to drive by catching his fingers in the car door, while being blindfolded. Another memorable event was at the VMSC concours where different presentation ideas of the vehicle were done, to make them more appealing to the judges. The Hatch's Karman Ghia, on a silver platter (yards and yards of aluminum foil) was fine till the judges closed the car door. The patter of sand, rocks, dirt etc. was hilarious. To the delight of everyone, a repeat performance of the car door was held, the judges wanted to make sure they heard correctly. Caryl had not cleaned underneath. One of her goofs at being editor was when she printed rubber carburetors instead of webber carburetors. Want to try them on your car? One of Dick's greatest moments in history was receiving the framed artistic rendition of the 20th place award at the '83 banquet. He maintains getting the 20th place is harder than 1st.

This year all their VMSC and Porsche club activities paid off. At the national Porsche convention they were named, along with their son Rick, as "1986 Porsche Family of the Year".

The Daytona 24 hours calls Dick this year, but hopefully next year you will again see the Hatches at the VMSC banquet.

24 HOURS OF DAYTONA

Our trip this year began at approximately 8:30pm on a cold Thursday evening with a foot of snow on the ground. Oh what a difference a year makes! This year, Sandy did not forget her money so we did not have to do any backtracking. We loaded up the van to head south (different van this year and seven people instead of four like last year). Sandy likes to keep things interesting on the trips south. Last year a low flying sea gull tried to fly through the windshield during her 3:00 am driving shift. Sandy - one, sea gulls - zero. This year she found the short in the headlights, making them blink on and off and causing the smell of burning wires.

After a night on the road, we stopped for breakfast in St. Augustine and then continued on to Daytona. We went to the track, picked up our tickets, and then checked into our motel. That night we went to Down the Hatch, a fine seafood restaurant where the NASCAR drivers eat when they are in Daytona.

The next day we loaded the coolers with our favorite beverages and took off for the track. We spent the hours before the race started looking over the race cars in the pit garages. We got some pictures of Bill Elliott and ran into the other members of VMSC down for the races. We stopped by the pits of Overbaugh Racing and talked with Bill Gilchrist. Oh what a difference a year makes (Part 2). Last year Bill looked like a kid let loose in a cookie or candy store. He was so excited! This year he acted like a calm, cool professional. The car was painted a new color with Budweiser sponsorship and Gene Felton as one of the drivers.

The race began at 3:30pm and was exciting to watch as the cars raced for the lead. The Corvette showed its power early but then dropped a valve. We went out for an excellent Italian dinner at Tony and Jerries Restaurant. By the time the more adventurous of our party got back to the track that night our favorite car the Group 44 Jaguar from Winchester, Va. was out with overheating problems.

The next day we went back to the track to watch the end of the race. There was an excellent race for the lead between the Lowenbrau Porsche and the Porsche of A. J. Foyt until A. J. blew up. Dan Gurney's Toyota was leading GTO division until it suffered suspension problems. Then the Roush Mustang of Bill Elliott, Lyn St. James, and Tom Gloy took over for the win.

Congratulations from the editors goes out to Bill Gilchrist and the Overbaugh team who finished 29th overall after coming back from transmission and rear axle problems.
