## 12 HOURS OF SEBRING REPORT

This was the first year of Sebring's new race course. The course was shortened somewhat from what it used to be with tighter and more interesting curves. The viewing area has been increased so that more of the track is visible from different areas. For best viewing I recommend the turn eight and turn nine corners. You have to pay for paddock passes to get into this location, but it is worth it. Also you can go over to the paddock and the pits. Friday afternoon the Firestone Firehawk series ran 2 3 hour races. There were so many entrants that they had to separate the field from one 6 hour race. The race for the IMSA cars started at 11:00 am Saturday, and was dominated by the Porsche of Al Holbert until he had turbo problems late in the race. The team of Bobby Rahal won the race. In the first six hours of the race one hour and 45 minutes were run under caution.

Our condolences go to Bill Gilchrist and the Overbaugh team. Seems Bill dropped the differential out of the truck towing the race car down to the track. Then the race car blew up on the course away from the pits during the first couple of hours of the race so they could not check to see if they could fix the problem. We wish you guys a lot more success in the future.

'Til next time,

*Lerry*
