The OD's would like to say a very large THANK YOU to everyone for working, many working more than once, and also those who stayed late and helped clean up. We would not have an event without everyone pitching in. A special thanks to Andy Siff for bringing the equipment, helping to set up the course, teching all the cars, working heats and running registration (with the help of his wife). All this and he still found time to make fun runs in three different Miatas.
